

Together We Can Save the World

Zoe-Sophia Shrader

4th Grade

Reflections 2010-2011

We all are friends until the end.

We all fit together no matter what color.

We all can help save the earth no matter what time of birth.

We can all help save the world even those who are not very old.

No matter who we are we can all take part.

Strong or weak we can help clean the oil leak. No matter what race we can all keep the peace.

Together we can save the world!
