

Brookside PTA

Goals for 2007-2008

Enrich Student Learning:

Support students, parents and teachers with programs and events that enhance the total learning environment, both academically and socially, by providing opportunities such as afterschool activities, foreign languages, assemblies, grants, and funds for field trips and classroom support.

Promote Communication, Collaboration and Advocacy:

Collaborate with families, students, school staff and the community to promote the health, education, and safety of Brookside students.

Build community within Brookside through good communication, parenting support, and active parent participation at school.

Inform our membership about legislative and other governmental issues affecting the care and education of children.
